# FIDEVE Group :

OURÉVAL

The **Fidève Group** is a French industrial player specializing in custom sheet metal work and electronic casings. It comprises five complementary companies—AMS, ATOS, Façonnage Métallique, ManuLine, and Ouréval—and employs nearly **500 people**.

The group controls the entire production chain, from cutting and bending to welding, painting, and assembly. With a **turnover of around €58 million**, an **industrial surface area of over 69,000 m<sup>2</sup>**, and **7,000 tons of material processed per year**, Fidève supports many industrial sectors, from prototypes to large production runs.

## ManuLine

## OURÉVAL

## FAÇONNAGE MÉTALLIQUE

## Atos

- Thann (68) FR
- 7 people
- Turnover of €1.2 million
- Standard and customized intralogistics products

- Thann (68) FR
- 70 people
- Turnover of €8.8 million
- Thin sheet metal work medium and large series

- Neuve Eglise (67) FR
- 23 people
- Turnover of €5.2 million
- Cutting & stamping large and very large series

- Champagnole (39) FR
- 20 people
- Turnover of €2.8 million
- Single sheet metal work, small and medium series
- Construction of Mechanically Welded Frames and Frameworks

- Glos (14) FR
- 350 people
- Turnover of €40 million
- Products for the electronics industry (19-inch racks, electronic racks, etc.)

# FIDEVE & OURÉVAL History

OURÉVAL 

FIDEVE group creation

Integration of **MANULINE** (68) a company specialized in material handling.

Integration of **ATOS** (14)

1973

1997

2005

2021

1993

1999

2014

**OURÉVAL SA** creation (67)

Integration of AIF THANN, which became **AMS tôlerie fine** in 2000 (68)

Integration of **FAÇONNAGE METALLIQUE** (39)

Today, all the companies are **100%** owned by the FIDEVE group.

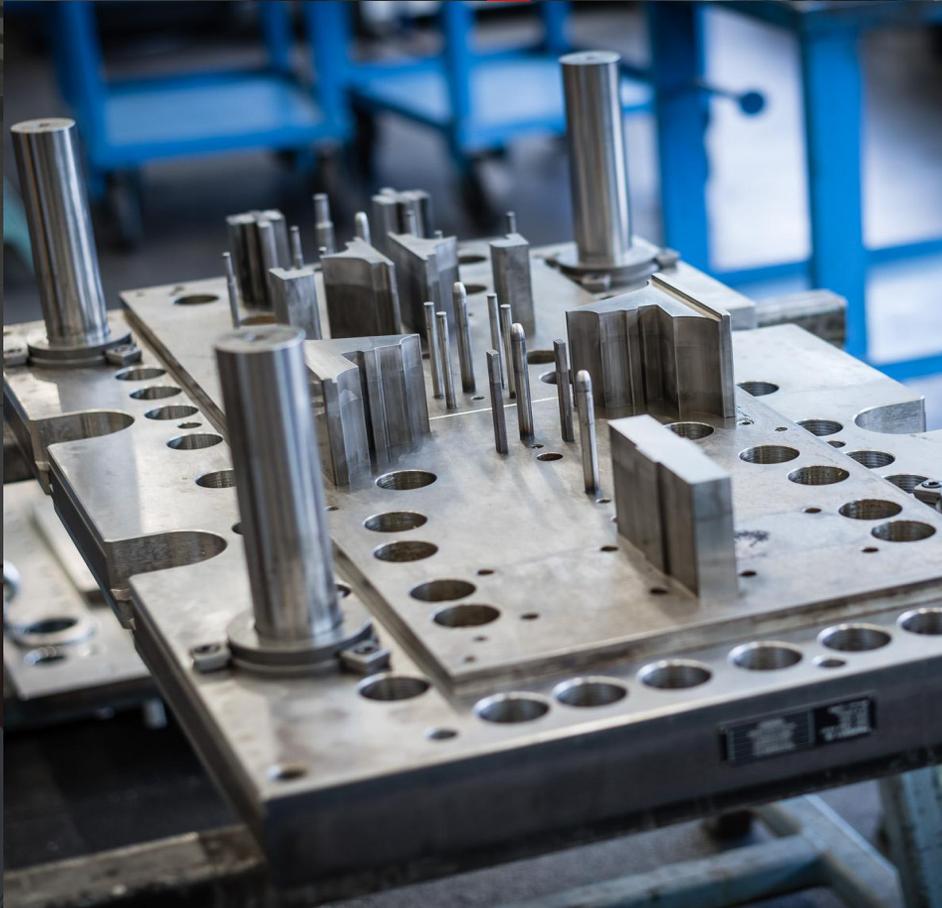

## Our company

OURÉVAL

Fidève  
Groupe

Une synergie à votre service

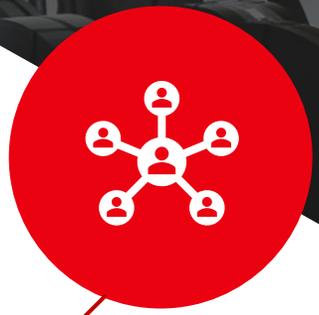

**Ouréval** is a subsidiary of the Fidève Group specializing in cutting, stamping, and manufacturing metal parts in large and very large production runs. With a high-performance machine park including automatic presses up to 400 tons, the company processes nearly **1,500 tons** of material per year.

With a team of around **23 employees** and a turnover of **€5.2 million**, Ouréval also conceives its own tools, guaranteeing responsiveness, precision, and competitiveness.

Certified **ISO 9001** and **IATF 16949**, it serves the construction, energy, household appliance, and automotive sectors, among others.

Une synergie à votre service

# Know-How

Co-development & cost optimization for large and very large production runs

Conception and manufacture of custom press tools

Cutting & stamping on automatic press lines

Assembly & packaging

# Our tool park

Conception

Manufacture

Storage

Maintenance

Over **800** tools

Stored in our workshops

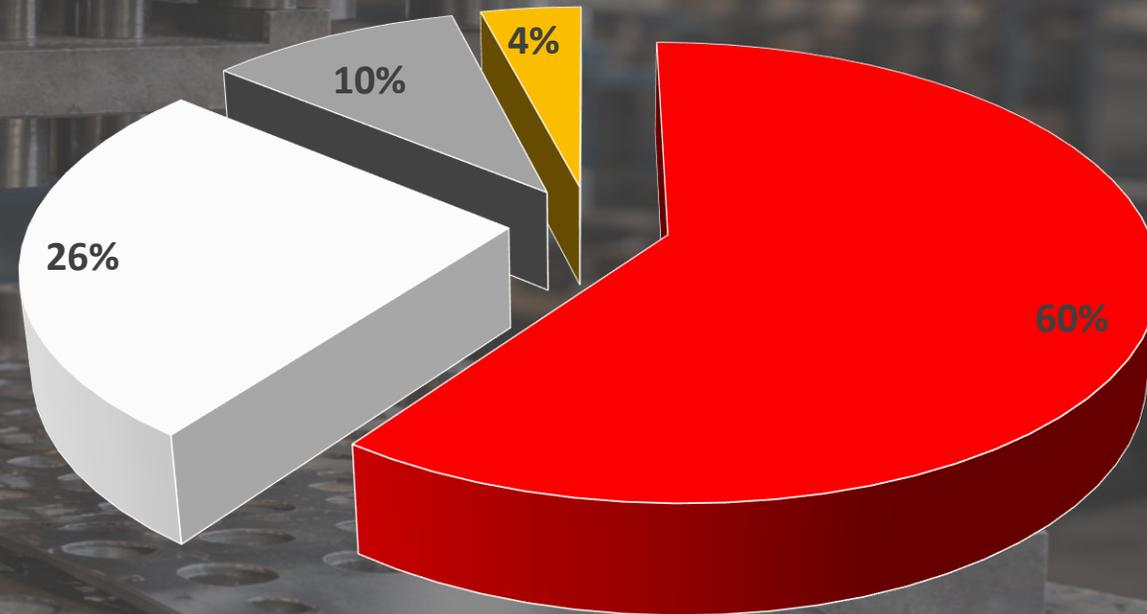

Over **500** actives references

# Applications and market sectors

OURÉVAL 

Fidève  
Groupe 

Strong presence in the **automotive** sector, while developing **other areas** of activity

 Automotives

 Construction

 Metallurgy

 Others (Defense, household appliances, energy, etc.)

## Our production workshops

### 4 stamping lines comprising:

- ❖ 3 automatic 160-ton presses controlled by numerical control
- ❖ 1 automatic 400-ton press controlled by numerical control

### The takeover includes:

- ❖ 10 press brakes ranging from 25 to 400 tons
- ❖ 1 170-ton CNC press brake

### Welding and other equipment:

- ❖ 1 welding press
- ❖ 1 spot welder
- ❖ 1 MIG-MAG welding robot
- ❖ 3 MIG and TIG welding machines
- ❖ 3 tapping machines
- ❖ 3 semi-automatic crimping machines

## Press tooling workshop

- ❖ 2 wire EDM machines 520 x 350 x 300
- ❖ 1 4-axis machining center 1200 x 700 x 665
- ❖ 3 surface grinders

## Design office

- ❖ 3 people in the design office
- ❖ 3D design software:
- ❖ VISI PROGRESS / SolidWorks
- ❖ Measuring arm with 3D scanner

## Supplementary benefits

- ❖ Welding, crimping & assembly
- ❖ Assembly of sub-assemblies and complete products
- ❖ Powder coating (epoxy, polyester) carried out by a group company
- ❖ Surface treatment & heat treatment

# Our strengths

**Manufacturing** of parts in large series on automatic numerically controlled presses

Conception & **production** of tools

Sheet thicknesses: **0,5 to 5 mm**

**1500** tons of sheet metal processed annually

**Materials:** steel, coated steel (galvanized, EZ, pre-painted), aluminium & stainless steel ....

OURÉVAL 

**A certified partner :**  
IATF 16949  
ISO 9001  
Bureau Veritas

Our values :  
**Reactivity**  
**Quality**  
**Flexibility**

**The assurance**  
of a respected  
**delivery date**

**Customized**  
and **tailored**  
**solutions**

**FIDEVE group :**  
Synergy,  
complementarity  
& stability

**Over 50 years**  
of **experience**

The strength of a group and the flexibility of an SME :  
- Reactivity  
- Direct relationship  
- Control of the production
